ON MARCH 18, 2016,

the Brain Injury Association of California will host the 1st Annual Over The Edge For Brain Injury event in Sacramento at the Residence Inn by Marriott Sacramento Downtown at Capitol Park.

This is a unique event where only 76 participants (Rappellers) will rappel down the side of a 16-story building to raise awareness of brain injury. This event is all inclusive, meaning that persons with disabilities are able and encouraged to participate. For those living outside of Sacramento, don't let that stop you from participating in this inaugural event. To reserve your room at the Residence Inn go to biacal.org and click on the Over The Edge Graphic.

To qualify as a Rappeller, you are required to raise a minimum of \$1,500 to secure your slot. There are ONLY 76 rappel slots available so register today and start fundraising. For more detailed information about the event, please go to the BIACAL website at www.biacal.org & click on the Over The Edge graphic.

Once you have reached the minimum amount of \$1,500, your rappel slot is confirmed. However, don't stop raising funds once you achieved the \$1,500 level, keep up the fundraising efforts to earn more incentives such as:

\$2,000 - A photo will be taken of you as you go Over The Edge and sent to your cell phone before you reach the bottom, which will allow you the opportunity to share immediately after you retrieve your phone.

\$3,000 - You will earn the opportunity to wear a Go Pro camera on your helmet to document your journey down the 16-story building.

\$5,000 - You will earn the opportunity to have your name included in a drawing to win a trip for two (destination to be determined).

All Rappellers are invited to participate in the Pre-Rappel evening reception at the Residence Inn on Thursday, March 17th (St. Patrick's Day). The reception will include hors d'oeuvres and a no host bar. Rappellers will have the opportunity to meet with the OTE technical staff, BIACAL board members and staff, and sponsors of the event.
